Colorful Ice and Snow Show in Harbin

Wow! Look at the photo! The buildings are made out of ice. Aren't they beautiful? They were made for the Ice and Snow Show in Harbin, China. Harbin is a very cold city. So the buildings can remain frozen in the cold weather. The show has a long history. It started in 1985. Since then, it is held every year.

It will be held for one month from January 5. In the picture, many people are looking around the colorful ice buildings. They look very amazed!

The Ministry of Culture, Sports, and Tourism 문화체육관광부 published a book entitled "Korea for Kids." This book introduces Korea to children from overseas. How does the story begin? The main character of the book is a girl named Ara. She is an elementary school student. One day, her friends Carlos from America and Marina from Germany decide to visit Korea for a week. She introduces Korean culture and history to them. The ministry printed 5,000 copies of the book.

The books will be sent to schools and libraries nationwide. The ministry plans to write more of these books in other languages, too. Let's hope "Korea for Kids" helps children from other countries learn about Korea!
