Listen to a story that describes a problem and think about how to solve it. Listen carefully and talk about your idea for one minute.

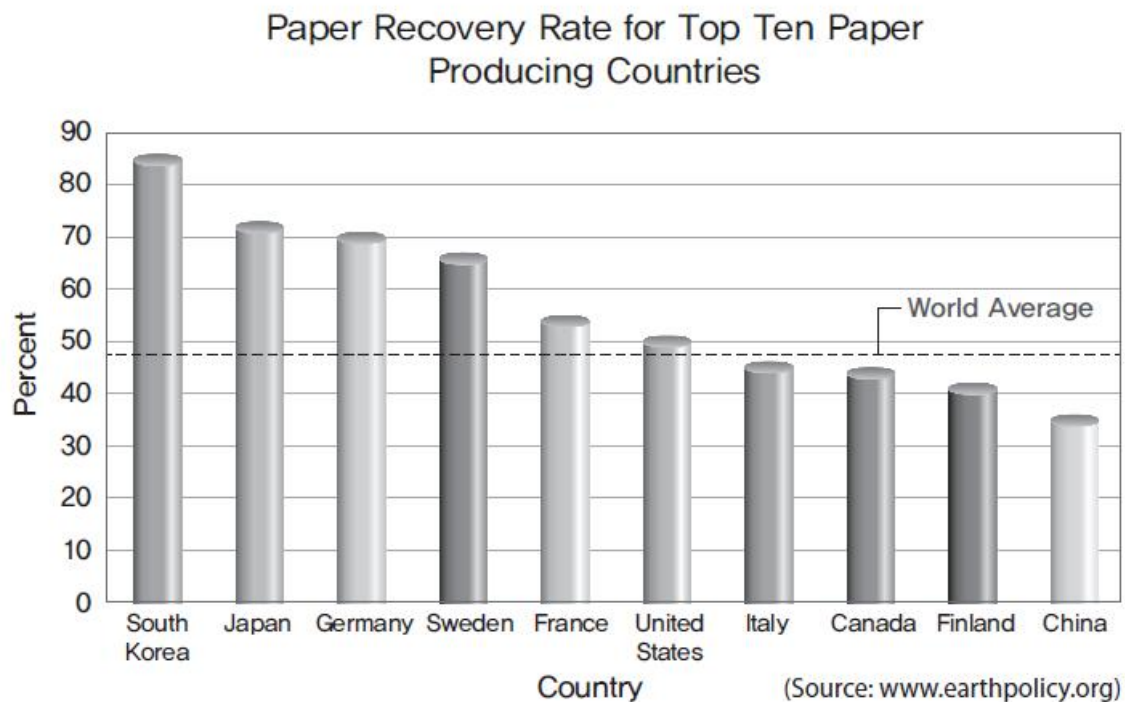

Last week a new student, Pedro, arrived in your class. He is from Spain and will spend an entire year at your school as an exchange student. However, you see that he is having trouble learning the language and culture. He has no friends yet and seems unhappy. What advice would you give him? How can you help him?

To try to help Pedro, I'd _____

_____.

Imagine that you are talking to your friend about science and inventions. Your friend asks you four questions. Listen to the questions and answer each one in one or two full sentences.

Question (1) | What do you think is the most important recent invention?

Question (2) | Can you describe the invention? What does it do?

Question (3) | Why do you think the invention is important?

Question (4) | What would happen if the world didn't have the invention now?
